NEP 2020 - ATTENDANCE

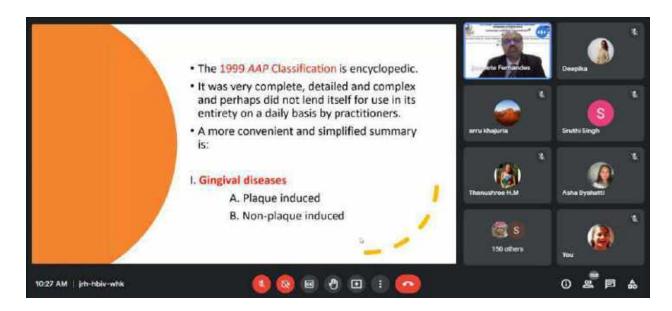

WEBINAR REPORT 18/01/22

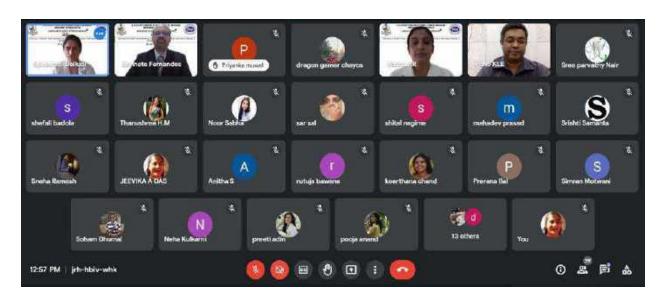

With the motive of educational empowerment right from the first month of the year, the DEPARTMENT OF PERIODONTICS, K.L.E SOCIETY'S INSTITUTE OF DENTAL SCIENCES, BENGALURU joined hands with BANGALORE ACADEMY OF PERIODONTOLOGY to organize a Webinar titled 'Intricacies of the 2017 World Workshop Classification of Periodontal & Peri-implant Diseases & Conditions - An Insight' on 18th January 2022. It was allotted 3 Credit points by KSDC. The speaker of the webinar was Dr. Bennete Fernandes (B.D.S, M.D.S Faculty Of Dentistry, SEGi University, Malaysia).

In the event of the pandemic crippling our day-to-day offline events, this virtual platform served to elucidate, inculcate and reinforce the 2017 World Workshop Classification of Periodontal & Peri-implant Diseases & Conditions. At the same time, the case reports discussed brought about a crisp understanding and an acumen into the application of the classification in our routine clinical practice. It benefited around 300 dental professionals and practitioners across the country. Here are the glimpses from the webinar.

Presents a Live Webinar on

Class III Malocclusion - A Clinical Dilemma

Eminent Guest Speaker

Dr. Gauri S Vichare

5th January 2022 10.30 am - 12.30 pm

Dr. Gauri S Vichare
Diplomate, Indian Board of Orthodontics
Professor
Department of Orthodontics
Bharati Vidyapeeth's Dental College and Hospital
Dhankawadi, Pune

Dr. Gauri Shekar Vichare graduated from Government Dental College and Hospital, Nagpur in 1984 and completed postgraduation in 1987 from the same institute. She became a Diplomate of Indian Board of Orthodontics in 2000 and cleared M. Orth. RCS Ed, in 2002. She was awarded PhD in January 2014 in orthodontics in the Bharti vidyapeeth Deemed University, Pune. She has a clinical experience of 33 years and teaching experience of 23 years. She is a certified lingual practitioner. She has participated as a faculty in severalOrthodontic courses and workshops. She has presented scientific papers in international and national conferences.

Dr. Gauri Vichare held several prestigious positions in professional associations. She worked as the Director, Vice chairman and was Chairman of Indian Board of Orthodontics in 2008. She was a member of Peer review board of JDMIMSU Sawangi Wardha and member of recognition committee of Goa University. She is a member of the Journal Committee of "Journal of Indian Orthodontic Society" June 2002 onwards till date. She is the Expert Reviewer for the Biotechnology Ignition Grant (BIG) Scheme launched by Department of Biotechnology (DBT) and Biotechnology Industrial Research and Assistance Council (BIRAC) 2021.

Class III Malocclusion - A Clinical Dilemma

Patients presenting with concave face and significant clinical asymmetry pose special diagnostic and treatment challenges to the orthodontist. Determination of the underlying developing malocclusion is an important first step in the formulation of an appropriate treatment plan. Meticulous clinical and radiographic evaluation and related dental cast analysis in centric relation and centric occlusion, as well as a thorough review of the past medical and dental history, are necessary to evaluate the developing skeletal class III in the three planes of space. Malocclusion may be solely of skeletal, dental, or functional origin, or may have combinations of these factors present. It is essential to determine if the malocclusion is stable or if it is progressive in nature, secondary to abnormal asymmetric mandibular growth.

In the management of class III malocclusion, the clinician should select the appropriate force system and the appliance design necessary to address the malocclusion while minimizing undesirable side effects.

PATHFINDER IX

(10.03.2022 - 11.03.2022)

Venue: KLE Society's School, Rajajinagara, Bangalore-10

PROGRAMME REPORT

PATHFINDER IX

The Department of **Public Health Dentistry**, K.L.E Society's Institute of **Dental Sciences**, Bangalore in association with the Indian Association of Public Health Dentistry, Bangalore Chapter and Indian Dental Association, Bangalore

Branch had conducted an examination - oriented programmetitled as "Pathfinder IX" on the 10thand 11thofMarch ,2022 at KLE International School Auditorium, Rajajinagar.

The programme was conducted to prepare the post graduates of Public Heath Dentistry for the upcoming examinations on May 2020, which poses a new challenge to the **I MDS PG** students as they have to appear for Paper I (Basic Sciences) as per the new guidelines and the **III MDS PG** students to appear for Paper I- IV and their practical examinations too.

The programme was headed by:

- 1. Dr. Srivatsa G- Chief Patron, Principal, KLESDS, Bangalore
- 2. **Dr. H. L Jaykumar** General Secretary, IAPHD Bangalore Branch
- 3. **Dr. B. K. Srivastava** Organizing Chairman, Pathfinder IX
- 4. Dr. Sudarshan Sajjan, Secretary, IDA Bangalore Branch
- 5. **Dr. Shruthi Eshwar** Organizing Secretary, Pathfinder IX

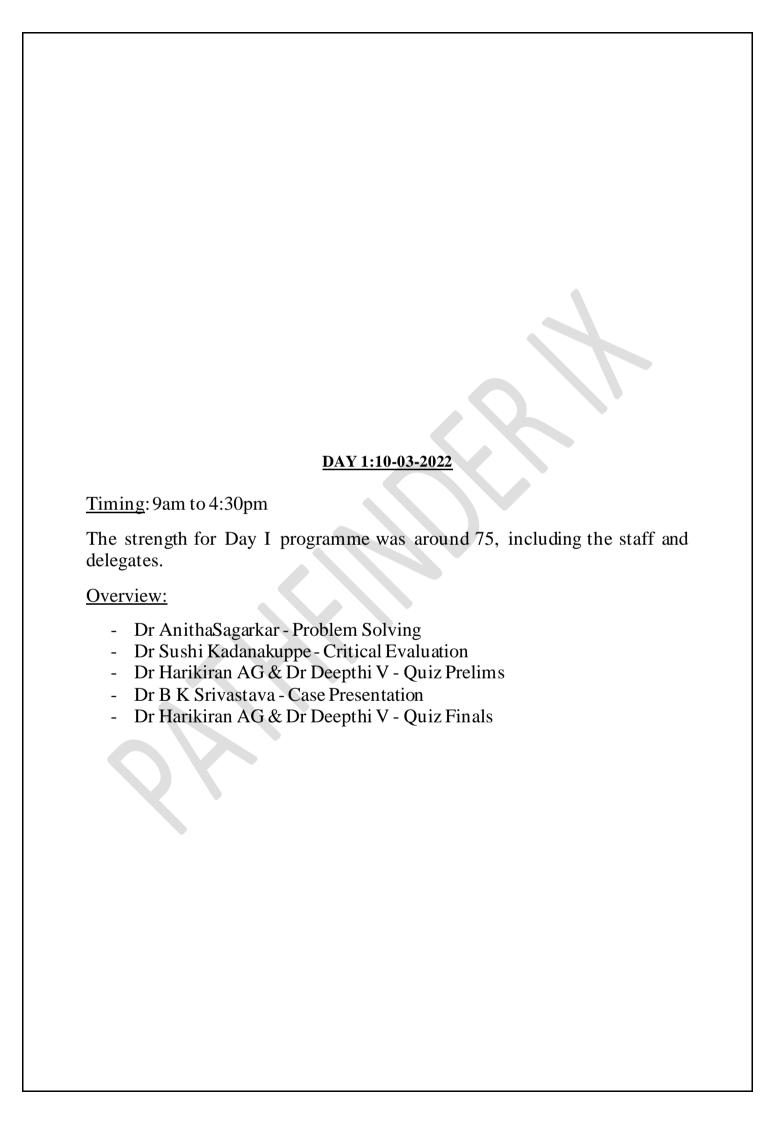

The programme commenced with the invocation ceremony, followed by a welcoming the gathering by **Dr. B. K. Srivastava**— Organizing Chairman and **Dr. Srivatsa. G**-Chief Patron

The vote of thanks was given at the end of the invocation by Dr. Shruthi Eshwar (Organizing Secretary, Pathfinder IX).

The Sessions were well handled for both the days.

The first session was presented by Dr AnithaSagarkar (Associate Professor, Department of Public Health Dentistry,Faculty of Dental Sciences,Ramaiah University, Bengaluru) on "**Problem Solving**". She covered all the methods of problem solving and its importance, being a community dentist. It was an interactive session.

Positive feedbacks were given by the students

for the presentation and were greatly acclaimed by all the delegates.

The next session was given by Dr Sushi Kadanakuppe(Reader ,Dept. of Public Health Dentistry,V S Dental College and Hospital,Bengaluru) on Critical Evaluation. An article on "Oral health condition and occurrence of depression in the elderly" and a handout of "Standard quality assessment criteria for evaluating primary research papers from variety of fields" was provided to all the delegates the day before to understand and apply critical evaluation. The session was an indepth assessment of analysing and evaluating the scientific paper.

Her presentation was widely appreciated by all the staffs and students.

The next session was Quiz prelims conducted by Dr Harikiran AG(Professor and Head, Department of Public Health Dentistry, RV Dental College, Bangalore) & Dr Deepthi V(Reader). A total of 8 teams participated in this round and it was a buzzer round. It was a very interesting and well-coordinated Quiz round. Among the 8 teams, 5 teams were selected for the final round.

This was followed by a lecture by Dr B K Srivastava (Professor and Head, Department of Public health dentistry, K.L.E Society's Institute of Dental Sciences, Bangalore) on "Case Presentation". He gave a detailed information on presenting a case and case history discussion which were very useful for final year MDS students for their practical examination.

Good feedbacks were given by the students for the presentation and was greatly acclaimed by all the delegates.

The final session of day 1 of Pathfinder IX was Quiz finals conducted by Dr Harikiran AG (Professor and Head, Department of Public Health Dentistry, RV Dental College, Bangalore) & Dr Deepthi V. The 5 teams selected from prelims round participated in the finals. The winning team was awarded with trophies and certificates.

DAY 2:11-03-2022

Timings: 9am to 4:30pm

The strength for Day II programme were around 60, including the staff and delegates.

Overview:

- **Dr Raison Thomas**– Cracking codes of Basic Sciences

- **Dr Vineet Vinay** Statistically Speaking- An overview of Biostatistics
- **Dr Vaibhav Kumar** Brain it & Bag it! Publish and promote your research
- **Dr Denzy Lawrence** Digital foothold in Public Health

The sessions commenced on time and began with Dr Raison Thomas (Professor ,Dept. ofPeriodontology , Bapuji Dental College and Hospital, Davangere) on Cracking codes of Basic Sciences. He spoke on the several strategies to answer the theory papers and tips on how to improve the writing skills. He motivated the crowd to face the examinations and discussed various ways to tackle exam tensions.

The session was greatly acclaimed by the delegates.

This was followed by a very interesting lecture by Dr Vineet Vinay (SeniorLecturer, Dept. of Public Health Dentistry, Sinhgad Dental College and

Hospital, Pune) on Statistically Speaking- An overview of Biostatistics. It was a good interactive session which helped the delegates to understand the basics of biostatistics and about statistical analysis.

The session was very helpful for the delegates.

All the delegates were asked to complete the feedback forms after each session.

The following session was presented by Dr Vaibhav Kumar (Senior Lecturer, Dept. of Public Health Dentistry, Terna Dental College and Hospital, Navi Mumbai) on Brain it & Bag it! Publish and promote your research. He gave a detailed information on publishing of papers and the problems faced during the publications and also a detail concept ofhow to tackle with the publication plagiarism.

It was an informative session, appreciated by all staffs and students.

The final session of Day 2 of Pathfinder IX wasdelivered by Dr Denzy Lawrence (Senior lecturer, Dept. of Public Health Dentistry, Bapuji Dental College and Hospital, Davangere) on Digital foothold in Public Health. He gave a brief note on how digital world can in used in Public health and research.

The session was lively with good feedbacks from the delegates.

A live- one on one overseas consultation kiosk was organised by IDP Educational Institute on study abroad opportunities and career guidance. This was conducted by Miss SashiRekha and her team to guide students for overseas opportunity by IDP Bangalore branch.

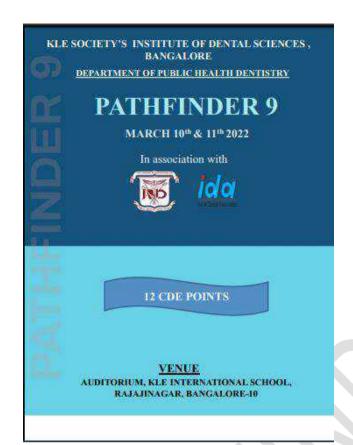

After each session, the delegates

were reminded to fill in the feedback form for the review of the presenter.

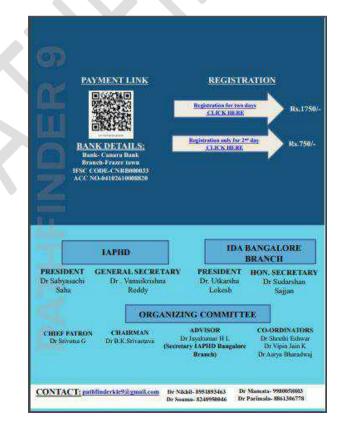

The programme, as a whole, was successful and was greatly acclaimed by all the delegates and staff.

Department of Oral Medicine and Radiology

Under the guidance of Dr. Moni Abraham Kuriakose, our institution has established a central research laboratory to cater to the needs of the patients visiting our hospital and to supplement research needs of the faculty and students of our institution.

All teaching staff, III year, IV year students and Interns are cordially invited to the Inauguration of the same.

We are also launching an online training program aimed at undergraduate students, general dental practitioners, and healthcare workers designed to motivate them to achieve early detection of oral cancer.

You are hereby invited to an Orientation program for students of our institution to this online training module.

Date: 6th August 2021.

Venue: KLE Society's Institute of Dental Sciences, Bengaluru

Department of Oral Medicine and Radiology

The department of Oral Medicine and Radiology organized an Orientation program for students of our institution to an online training module on 6th August, 2021.

The department in association with Karkinos Healthcare and Biocon Foundation has designed an online training module to provide a comprehensive training for interns in early detection of oral cancer, pain and palliation, which will be certified by Guy's Cancer Academy, London.

The guests for the occasion were Dr. Moni Abraham Kuriakose and Mr. Satyajit Salian from Karkinos Healthcare, and Dr. Anupama Shetty and Dr. Sanjana Patrick from Biocon Foundation.

Our team met the Vice Chancellor and Registrar, RGUHS. They received a favorable response to incorporate the module into the UG curriculum for all colleges under RGUHS.

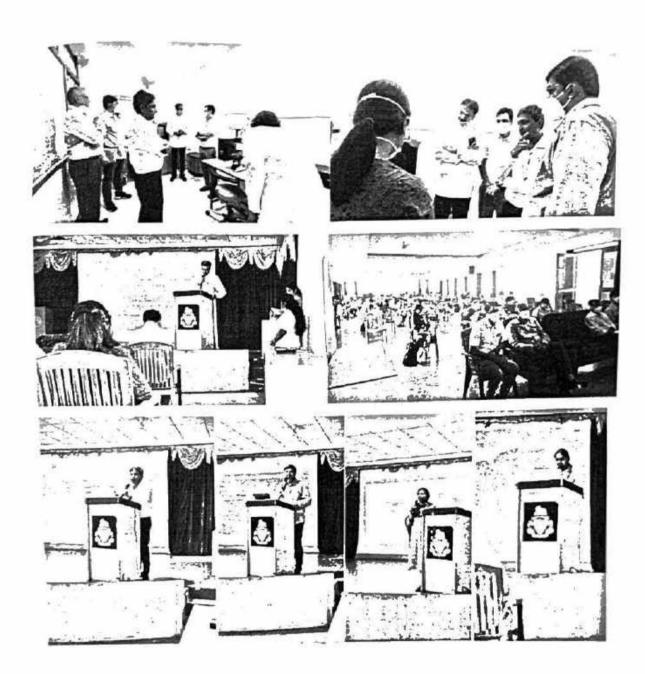

Following this, the central Research laboratory was formally inaugurated by Dr. Moni Abraham Kuriakose, who expressed his appreciation at the facilities being provided at the laboratory.

This was followed by an orientation program for final year students and interns of our institute. Dr. Srivatsa G. delivered the welcome address. Dr Moni A Kuriakose spoke on the occasion and motivated the students to pursue research as a career. Mr. Satyajit Salian briefed the students about the purpose of the training module, and Dr. Shubhasini AR spoke about the contents of the training module. Dr. Shubha G proposed the vote of thanks.

The program was attended by interested third BDS students, students of final year and Interns. It was well received.
